Wight Homestead, Newry Landmark, Burned Sunday

The home of F. Owen Wight and family in North Newry was damaged beyond repair by fire Sunday morning. The fire which started in the barn was seen by a passing motorist who notified Mr. Wight who was in the house. Arousing Mrs. Wight and their six children, he called the Bethel fire department. A quick run was made in a heavy fog, but the fire had spread into the house before their arrival.

Little besides a small amount of clothing was saved from the home. The loss is partially covered by insurance and Mr. and Mrs. Wight plan to rebuild. The place was for years the home of the late Mr. and Mrs. Lon Wight. Soon after Mr. Wight's death in 1955, the house suffered considerable fire damage, but the new owners had done much in repairing and modernizing the homestead.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

As most of you know, I spent the first three days of last week at the New England Managers Institute. The program this year was very interesting and enlightening. Three of the managers at the meeting were formerly from Bethel. They were Harold Bean, the last manager here; Robert York, former selectman and road foreman and present manager of Kennebunk; and Maynard Austin, a native of Bethel and presently a city manager in Massachusetts.

The highway department is installing the last manhole in the bridge construction area at the junction of Elm and Railroad Streets. The base of the manhole is in but the rain has delayed construction of the manhole walls.

The highway department will begin our town road improvement job sometime next week. The construction this year will continue on Grover Hill where the work ended last year. The town has been apportioned \$6,116.80 from the state for town road improvement. The law specifies that no more than \$6,000 shall be expended on a mile of road. We should build just over one mile of road this year. Any money left over can be used the next year.

WEEK END ACCIDENTS REPORTED IN VICINITY

Betsy Brown, two-year-old daughter of Mr. and Mrs. Arnold K. Brown, is recovering from severe abrasions of the face, chest and thigh suffered when she was thrown from a vehicle driven by her father. The accident occurred Sunday evening near the home of Elton Coolidge on the Grover Hill road when the car went out of gear and started backward down the hill. The attached trailer jackknifed.

A car driven by Mrs. Christine McCoy of Gilead was in collision with a truck owned by Continental Shows, Inc., of Lowell, Mass., and driven by Michael Krilin of Smyrna Mills early Sunday afternoon. The accident took place as Mrs. McCoy was about to make a left turn to enter the driveway at the Roberts Poultry Farm, North Bethel. Attempting to avoid the crash, the truck driver skidded and overturned but did not contact the McCoy car which was slightly damaged. Mrs. McCoy was accompanied by C. S. Jacobus of Hartford, Conn. No injuries were reported.

Two cars were damaged at Gilead Saturday afternoon. A car operated by Benjamin Chandler of Portland was waiting in traffic to make a left turn when it was struck from the rear by a car driven by James Fitzpatrick of Staten Island, N. Y. Both cars were damaged extensively. Mrs. Chandler received neck and back injuries.

Dr. William O'Brien, son of the late Mr. and Mrs. Patrick O'Brien, and family, Bethesda, Md., visited friends and relatives in town over the week end.

2 New Teachers Named to Gould Academy Staff

Gould Academy will open for the fall term on Wednesday, September 5, at 7:30 a. m.

Two new faculty members will join Gould ranks this year. Miss Colleen Littlefield will be added as an instructor in French to provide for increasing numbers of students in this subject and to provide supervision for the language laboratory. Miss Littlefield is a graduate of Colby College with major in French. She is much interested in girls' athletics and was, during her student days at Colby, Physical Education Instructor at Mt. Meri Academy in Waterville and at Colby College. Other work experience includes positions with H. P. Hood & Company and as teacher of French in Williams High School, Oakland.

Ernest H. Knight of Raymond will assume duties as instructor in mathematics and science. Mr. Knight is a graduate of the Massachusetts Institute of Technology with a Bachelor of Science degree in Electrical Engineering. He has also attended the University of Maine and Northeastern University in Boston. His work experience includes positions as an engineer with Westinghouse Electric, C. H. Sprague Company, and Boston Edison Company. Mr. Knight served as a commissioned officer in the Air Force during World War II and the Korean Conflict.

Mr. and Mrs. Knight, who will arrive on campus September 1, have two sons, David II, graduated from Gould Academy in 1956 and from Cornell University as a Doctor of Veterinary Medicine last June. Paul M. will be returning to Gould to enter his sophomore year this fall.

All town boys who are candidates for football may draw their equipment from Coach Robert Scott at the Field House on Saturday, Sept. 1, at 10:00 a. m. and 2:00 p. m. or at 10:00 a. m. on Monday, Sept. 3. Physical examinations for all football and cross-country candidates will be given at the Field House on Tuesday, Sept. 4, at 12:45 p. m. The first football practice will be held at 2:30 p. m. that afternoon.

An undergraduate activity fee of \$15.00 is due and payable at the Academy office on opening day.

At the annual meeting of the Board of Trustees held in Bethel in June, Wilbur R. Myers, who has a record of 31 years employment with Gould, was elected Superintendent of Buildings and Grounds to succeed Harold G. Bennett, deceased. Mr. Myers is well qualified by his long years of experience as a teacher and the bursar to carry on the duties of this office for the Academy.

The Week in Oxford County

Mrs. Stephen McPhee, Rumford, reported to officials Monday the theft of two wheels and two tires from her car which, owing to a breakdown she had left on Route 2 in Gilead Sunday evening.

Raynor Brown's crew is constructing a bridge over Crooked River near the spool mill at North Waterford.

After losing control of his car on Merrifield Hill, Bryant Pond, late Saturday night, Donald L. Grant, 35, of Wilton, N. H., was killed instantly when the car struck a large tree.

Dr. James Hanks, assistant director of the U. S. Fish and Wildlife Service's laboratory in Oxford, is being transferred to the agency's laboratory in Milford, Conn. He will succeed Dr. Victor Losoff who goes to the San Francisco laboratory.

The fall meeting of the Women of the Oxford County Extension Association will be held Sept. 5 in the Christ Episcopal Church, Norway. Mrs. John Tebbels of Bethel will talk on "Life in Japan."

Bailey Elected Superintendent of School Union

School Union 22 announces the election of Hamilton R. Bailey as Superintendent of Schools beginning on Sept. 1.

Mr. Bailey, 57, served as Superintendent of the Seekonk-Rehoboth (Mass.) School Union starting in 1950. He was responsible for the operation of nine schools with a pupil population of 2000 and a staff of 100 teachers and other personnel. In 1953 the towns divided due to fast-growing populations and Mr. Bailey continued as Superintendent of Rehoboth, the larger town, until Rehoboth joined a School District in 1961.

Previously he had served two years as head of the science department at Monson Academy, Monson, Mass., fourteen years as principal of the high school in Townsend, Mass., and seven years as principal of the high school in Orange, Mass.

During the past year he has been District Sales Manager for Field Enterprises, one of the leading educational publishing companies.

The Selection Committee received excellent recommendations from the towns which Mr. Bailey has served. His education is extensive in a broad range of subjects relating to education and administration. In addition to degrees in science and laws he received his Master of Education degree in 1962.

The educational program in Rehoboth has been described as one of the best in that area. He has also been active in developing school extra-curricular activities and in community affairs. Among these, he was founder and chairman of the Small School Basketball Tournament and the Tri-State Basketball Tournament.

Mr. and Mrs. Bailey have wanted to move back to Maine, where they lived until graduating from Bates College together in 1925. Mr. Bailey came from Dresden and his wife, Ellen, from Auburn. She has been teaching in Rehoboth. They have one married daughter, who teaches at Wheaton College. Living with them are two nieces, Mary Sargent, 18, a sophomore at Bridgewater State College in Massachusetts, and Nancy Sargent, 16 who will be a junior at Gould Academy.

SIDNEY LITTLEFIELD

Sidney Littlefield, a resident of North Abington, Mass., the past 66 years, died August 22 in a nursing home where he had been a patient 16 days. He had been in ill health for only a short time.

He was born in Stoneham, Dec. 11, 1897, son of John S. and Anna Russell Littlefield. He retired 31 years ago as a partner in the Littlefield-Wyman Nurseries, Abington.

He was a member of Jefferson Lodge, AF and AM, Bryant Pond, for 75 years, an honorary member of the New England Carnation Growers Association Inc. and a life member of the American Carnation Society. He was a senior deacon of the First Baptist Church in Abington.

He is survived by a daughter, Mrs. Theo L. Nielson, with whom he had made his home. Interment was in Lakeside Cemetery, Bryant Pond.

HEALTH & SAFETY TIPS FROM THE AMERICAN MEDICAL ASSOCIATION

Skin Diving:
Skin diving is one of America's fastest growing sports.

A few hardy souls skin dive the year around, even in winter. But most of the skin divers practice the sport in the warm summer months in warm water.

Diving makes demands on the body which are unlike those met in everyday life, says today's Health, the magazine of the American Medical Association. Navigating under water is heavy exertion and those with respiratory problems or heart and blood vessel disease should not attempt it. Diving is ruled out for those with perforated ear drums. Ear plugs are for surface swimming only and should not be used for diving because of the water pressure. Because of the pressure changes, sinuses and ears must be in good condition to equalize pressure.

Asking your doctor to evaluate your fitness for diving is a precaution that will pay dividends. Along with good health, the potential diver should be a better than average swimmer. A moderately skilled swimmer can dive with SCUBA equipment, but in an emergency the swimming skills born of long practice may mean the difference between survival and death.

Never dive alone. Always use a buddy system and be certain that your buddy is competent and trustworthy. Learn to use artificial respiration, and see that your buddy knows it. Remember that in emergencies the quickest and most effective method is mouth-to-mouth breathing, administered as soon as possible.

Plan your dives. Know where you're going, how deep and how long you can stay under. Work out a system of underwater communication signals for emergencies. Never dive when you are overly tired, have a cold or are just not feeling well.

Use quick release buckles on weight belts or SCUBA harness. You may need to cut loose and surface quickly. Don't indulge in horseplay and take needless risks, and, by all means, watch out for boats while in the water. The power boat skipper may not know you are there.

Carry a knife for cutting tangled lines or underwater plant life. Dive near a boat or float so you will have a place to rest. Always check your equipment carefully before diving.

Watch your depth. Pressures mount rapidly as you descend.

Mrs. Lyle Hegsted was guest of honor at a baby shower Wednesday evening at the home of Mrs. Richard Hamilton, given by Mrs. Malcolm Mundt and Mrs. Hamilton. After the many gifts were opened, games were enjoyed. Refreshments were served by the hostesses.

Those present were: Mrs. Robert Clemons, Mrs. Avery Angevine, Mrs. Louise Annis, Mrs. Frank Lowell, Mrs. Ernest Blake, Mrs. Ernest Angevine, Mrs. Wallace Saunders, Mrs. Alton Luxton, Mrs. Blake MacKay, Mrs. Richard Thompson, Mrs. Donald Brooks, Mrs. Emma Page, Mrs. Harold Bean, Miss Coleen Bean, and Mrs. Walter Bernstein of New Jersey.

Those who sent gifts but were unable to attend were: Mrs. Leland Brown, Mrs. Evelyn Cole, and Miss Barbara Mundt.

SCHOLARSHIPS AWARDED UNIVERSITY FRESHMEN

Two hundred and eighteen incoming freshman students at the University of Maine have been awarded scholarships for the 1962-63 college year, it was announced Friday by Robert C. Worrick, director of student aid for the State University.

Worrick said the total value of the 218 scholarships was \$71,240, representing awards from 17 scholarship funds.

The awards were made on the basis of academic promise, character, and financial need.

The recipients from Oxford County are:

Claudia DeMonte, Bethel; Elizabeth Norris, Dixfield; Philip Trundy, Hebron; Arthur Henry, Mexico; John Kimball, North Waterford; Edward Staples, Oxford; John Violette and Hazel Constantine, both of Rumford; Rebecca Cummings, South Paris; Fred Judkins, II, Upton; and John Curtis, Martha Perham, and Lloyd Record, all of West Paris.

THE RECORD SPEAKS

The Chicago Daily News recently had something to say about the much-maligned medical profession which deserves the widest possible reading. Here, in part, is its view: "In these times, doctors seem constantly to be under attack as self-centered, venal, 'old-fashioned' in their fear of socialization of their profession, even callous in their regard for the welfare of the older portion of the population."

"We don't doubt there are some bad doctors; the AMA is constantly policing its own vast membership, disciplining those who take too easy a view of the profession's high standards."

"But the record of the past couple of decades eloquently reflects the wisdom of entrusting the medical profession with its assigned tasks and the freedom to carry them out in its own way. One by one the great scourges—diphtheria, smallpox, typhoid, polio, tuberculosis—have been or are being wiped out. Cancer's days are clearly numbered, heart disease is under vigorous and effective attack."

"A single statistic... sums up the progress: If the 1937 death rate were still operative, 4,400,000 healthy Americans now living would be dead."

"These results did not just happen. An immense amount of hard work, of dedication, and service above and beyond the normal scope of duty brought them about."

This is what the record shows, and all the political attacks we have seen and will yet see can't change it. Political tinkering with U. S. medicine is a menace.

Don't hold your breath while ascending. Air will expand inside your lungs and should be allowed by bubble out as you are coming up.

"In industry, a job exists because someone has put up the money for it, management gives direction to it, and an employee devotes his skills to it. The job lasts as long as the product it helps turn out is an attractive buy and can be sold at a profit."—Steelways.

Having therefore obtained help of God, I continue unto this day, witnessing both to small and great. (Acts 26:22.)

A young man who worked beside Bob Smith, an inconspicuous office worker, noticed his amazing peace and joy, especially when in most trying and difficult circumstances. He asked him the reason for it. Smith said in reply: "God is my Father, and Jesus Christ is my Saviour. Whatever peace and joy I have come to me from God."

The young man was so impressed with this explanation that he changed over to the Christian way of life. Simple words of witness were the underlying cause.

Just before our Lord ascended to the Father, He appointed His disciples as His witnesses.
